SUMMARY

Frontend developer skilled in building responsive and scalable web applications using React.js, JavaScript, Tailwind CSS, and Framer Motion. Experienced in developing student-focused platforms with emphasis on UI/UX, responsive design, and component-based architecture. Currently expanding into full-stack development and AI-assisted engineering workflows.

TECHNICAL SKILLS

Languages	JavaScript, Java, Python
Frontend	React.js, HTML, CSS, Tailwind CSS, Framer Motion
Backend	Node.js, Express.js
Database	MySQL
Tools	Git, GitHub, Figma, Canva
Concepts	REST APIs, Responsive Web Design, API Integration, Prompt Engineering

PROJECTS

Brain Bin	React.js · Tailwind CSS · Framer Motion
PYQs.	• Built and deployed a responsive student resource-sharing platform for notes, assignments, projects, and
UX.	• Implemented reusable UI components, animated interactions, and category-based filtering for improved
	• Optimised frontend responsiveness and navigation workflows across multiple device sizes.
DormEase	React.js · JavaScript · Tailwind CSS
	• Developed frontend modules for a hostel management platform covering attendance, maintenance
	requests, food feedback, and laundry scheduling.
	• Designed responsive UI workflows to centralise hostel operations and improve usability across devices.
	• Structured scalable frontend components for modular and maintainable development.
Tick It	HTML · CSS · JavaScript
	• Developed a responsive task management web app with localStorage-based task persistence.
	• Implemented dynamic task handling, clean UI interactions, and optimised frontend responsiveness.
	• Improved task organisation experience through a lightweight, user-friendly interface.

TECHNICAL EXPOSURE

Google Developer Groups Cloud — Bhubaneswar

- Explored LLM applications, RAG pipelines, prompt engineering, and AI automation workflows through Google's 'GPT in the Cloud' developer event.

JPMorgan Chase & Co. — SEP Roadshow

- Gained exposure to enterprise software engineering practices, internship pathways, and large-scale product development environments.

ACHIEVEMENTS

- 1st Place — Marketing Wizard, ITER (strategy-based and data-driven pitching competition)
- Participated in B-Plan at E-SUMMIT'25 organised by ED-Cell, IIEC, OUTR
